For 2010 Glasgow Archers, after consulting with competitors at last years event, have decided to move away from running this shoot 'Scandinavian' Style.

Instead, we will run this event as a 'normal' FITA, with 6 arrows ends at the two longer distances and 3 arrow ends at the two shorter distances.

If entries and space permit, archers will all shoot in one wave. We will, however, ensure that there are enough breaks throughout the day to allow all competitors sufficient rest time.

However….. to add a bit of spice to proceedings, we will be presenting prizes in totally different categories from our previous competitions. And the only way that you are going to find out what this means…. is to enter the competition!! So get our entries in early ladies and gentlemen so you don't miss out on this opportunity!
