These are the final results for this years league, with some very close matches. Notably, in the Compound leagues, the scores have been extremely close all season, and in the A league 1, Shetland, Loreburn and Links could only be separated on cumulative score. In B league 1, the match between Forres and Ayr was decided by a single point! Oban beat Eastcote in B/C league 2 by dint of winning their head to head match in March.

Congratulations to the winners and

comiserations to the losers. Next year will probably see a re-evaluation of the leagues, using this years cumulative scores to realign the divisions, with hopefully some more new teams entered as well.

Look out for the entry details in late September.
