12. COMMUNITY FOCUS

SPORTING MEMORIES: VOLUNTEER CELEBRATION EVENT

At the recent Volunteer Celebration Event held at Broxburn United Sports Club, Robert presented to Sporting Memories with enthusiasm and passion. He spoke to attendees about the opportunity to try soft archery – a fun and accessible sport that's available through local Sporting Memories groups.

Sporting Memories are a charity and social enterprise that helps older people to reminisce, replay and reconnect through the power of sport and physical activity.

Robert who had met up with Brian Sloan, Sporting Memories Development Director, led to Robert assisted by Euan to setup a small have a go and competition at this event.

Volunteers were offered to chance to try the sport out for themselves in the form of a competition. The eventual winner was Allister McKillop from the Juniper Green Club.

A big thank you to John Rowbotham for hosting the event, and to our special guest, former Heart of Midlothian FC star Christophe Berra, for sharing his insights and helping us celebrate our amazing volunteers.

SPORT LEADERS IN LANARKSHIRE LEADING THE WAY!

By Carina Sheldon, SLLC Active Schools Coordinator

'Sports Leaders at Trinity High in Rutherglen recently participated in a successful leadership input from Robert at Scottish Archery. They were taught how to play and also some fun activities that can be used to engage younger pupils in the game.'

As a result of this leadership input, Trinity High now have a Soft Archery club which runs during lunchtime for S1 pupils. There are young sports leaders who lead the sessions each week for this group of pupils. This could not happen without the support from Scottish Archery who have helped train the leaders and have given them the necessary equipment to use.

We look forward to building on this opportunity for pupils at Trinity high in the coming months.'

13. COACHING

COACH EDUCATION UPDATE – 2025/26

We know that coaching encourages people to start in sport and physical activity, improves enjoyment, maintains engagement, improves fitness, develops skills and builds lifelong connections to sport and activity.

We are really keen to encourage more people to become coaches and work with Archery GB to arrange courses for Scotland.

Archery GB Level 1 Session Coach

Session Coach Level 1 which is a starting point for archers who want to deliver motivating training sessions for beginners. Using the resources provided on the course you will be able to deliver a pre designed course for a group of beginners. This course trains individuals to be able to lead archery sessions independently using resources from the course and working with groups of up to 12 people.

- **North Area** – Modules 5 (18th October 2025) and Module 6 (15th November 2025) at The Shed, Montrose
- **West Area** – Module 1 & 2 on 31st January 2026 at Hawkhead Centre in Paisley. For more info or to book, click [here](#).
- **East Area** – Save the dates for Module 1 starting on 21st January 2026 and online modules will run 8 weeks consecutively until 11th March 2026

Archery GB Level 2 Development Coach

The Level 2 course equips coaches with the skills and knowledge on how to develop new archers through designing and delivering learning. It aims to help people continue their archery journey beyond their initial beginner's experience. Lack of support following a beginner's course is one of the biggest reasons people leave a new sport.

- **Scotland-wide** - Course to start on 27th October, booking links and further information available soon

If you have any further questions or queries about the above courses, please just get in touch with ewan.murray@scottisharchery.org.uk
