# 2025-2029 Subgroup Structure

As part of the new strategy, we have revised our subgroup structure to align with our key pillars of systems, people and connections.

By expanding our subgroups, we can deliver on strategic objectives with a range of perspectives around the table. This will ensure we are continually reviewing what we do and meeting the needs of the sport.

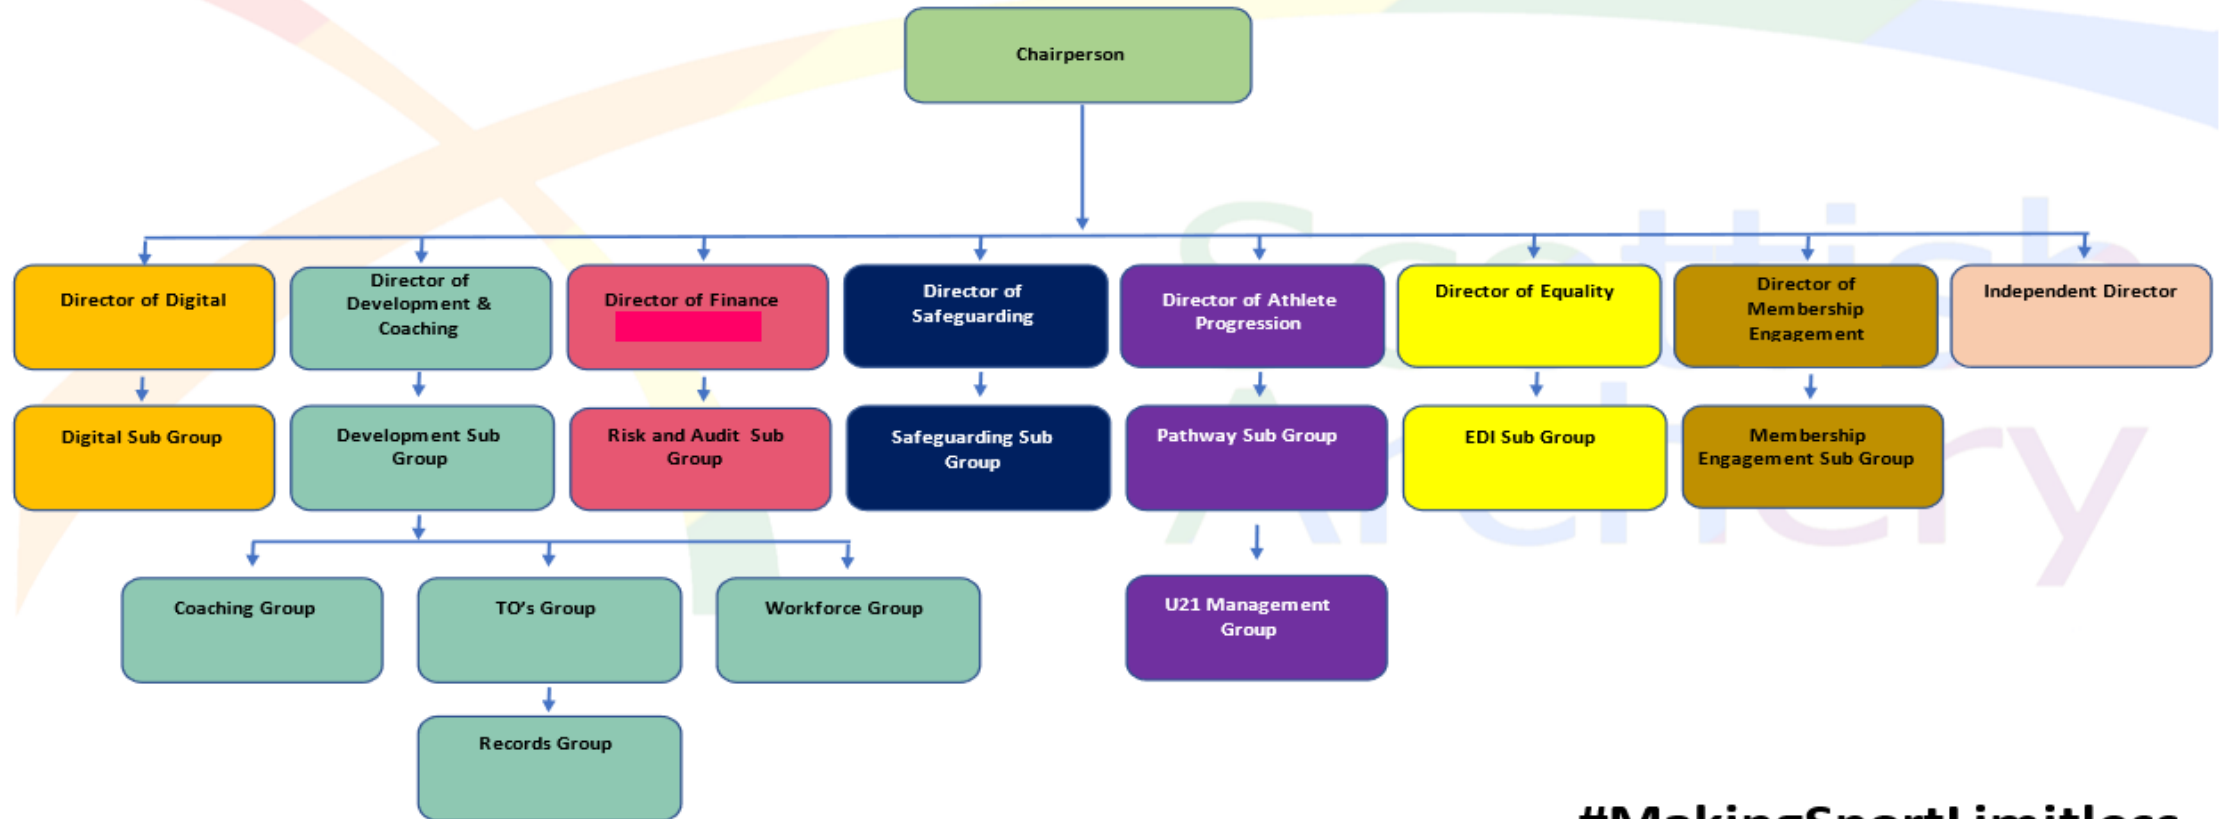

The key changes from the previous structure:

- Tournament Organisers Group will be Events Subgroup (including judge representative).
- Membership Engagement will be Communications Subgroup
- The Athlete Progression Subgroup will have representatives from Senior Team, U21 Team, National Coach, an Independent advisor, and an Archery GB representative.

Once the consultation period has closed, we will review and begin to recruit for new members where there are vacancies on subgroups.
